Compensation serving your life project

A fair assessment of requirements ensures that quality of life is sustainable. This assessment is carried out by a specialist Personal Injury lawyer so that the sums obtained guarantee you peace of mind and dignity for the future (human support, home improvements, equipment, etc.).

RESTART

THE PRINCIPLE OF COMPENSATION IN FRENCH LAW IS THAT OF FULL REPARATION.

You should receive financial compensation to allow you to regain your previous quality of life, adapted to your new disability.

The option for a tetraplegic person

to the most innovative prosthetic devices adapted to his situation.

The right of a young paraplegic woman

to fully play her role as a mother by receiving sufficient human assistance.

The possibility for a tetraplegic person

not to be placed in a care home if that is not their choice, and to have their home adapted to their disability.

COPPET AVOCATS ADVANTAGES

Comprehensive and personalized support so you don't have to face administrative and legal challenges alone.

- >> **A dedicated lawyer** throughout your entire process to ensure you receive the care and compensation you deserve.
- >> **A specialist physician by your side** to help you understand and navigate the medical-legal issues, which are essential for fair compensation.
- >> **A dedicated social worker** to relieve you of administrative burdens and allow you to focus on your recovery.

Why choose lawyers with official specialization in Personal Injury Law and Defense of Victims' Rights?

- >> To have the assurance that your case is handled by a nationally recognized specialist.
- >> To benefit from appropriate (medical, architectural, situational, accident analysis) assessments so that your compensation enables you to resume your life.
- >> To benefit from in-depth knowledge of severe disabilities.
- >> To avoid being victimized a second time by being under- or poorly compensated.

When should you contact us?

- >> As soon as the traumatic event occurs, so we can support you with actions to be taken with insurers, police, expert doctors, etc., to safeguard your rights.
